Modernity gets shaped with curves, and this rimless Mio wall-hung WC lives up to the statement. A technological leap forward was achieved with the rimless bowl design, since bacteria are kept off, hygiene gets boosted, maintenance made easier and aesthetics uncompromised. 10-year warranty provided. It may be ordered with the special surface finish JIKA perla, which facilitates maintenance, extends lifetime and sparkles durable cleanliness by preventing the deposition of dirt and scale. Dual Flush mechanism economizes the water flow with 3 or 4.5 litres options. Total Clean attribute relies on flushing channels all around the pan rim for perfect rinsing. Antibak prevents trapped dirt by having the inner ring and drains glazed.
